SENSATIONAL MIDSUMMER "WAYMAN IRIS" BARGAIN

ORDER AT ONCE IF YOU WANT THEM

There are no finer Iris in the world than the Wayman Iris, and this collection will contain only the finer varieties from the World's Most Famous Collection.

A field of extra choice varieties must be vacated at once, which is the occasion for this special offer. My loss is your gain, but you'll have to hurry!

You can have 25 varieties, or 50 varieties, all different, at this special bargain price, but no more than 50 varieties. On an order for 100 plants, there would be 2 each of 50 varieties.

Shipment will be made promptly. NOW IS THE TIME TO PLANT THIS GROUP OF IRIS FOR GLORIOUS BLOOMS NEXT SEASON. By planting them now they have all summer and fall to become established before cold weather sets in and to produce fine strong clumps for next season's flowering. All plants sent will be fine strong flowering size plants.

25 FOR \$2.50; 50 FOR \$4.50 ALL DIFFERENT

100 for \$8.00 (2 each of 50 varieties)

1000 for \$75.00 (20 each of 50 varieties)

EXPRESS OR PARCEL POST PREPAID

Of course at this price I cannot label them, but on an order for 1000 I will keep each variety separate if requested. This is your opportunity to have a garden full of Wayman Iris at moderate cost.

ANOKA APPLE - The New Wonder Apple

No other apple can combine the early bearing, wonderful flavor and great productiveness of this new apple, the results of many years hybridizing. It is an excellent early summer eating apple, also equally fine for cooking; it is hardy, disease resistant, and being of semi-dwarf habit of growth makes it especially useful for the small garden. The color is most attractive, being red striped, and the tree is loaded down with delicious apples every year. There is no other apple to compare with ANOKA.

Enjoy its beautiful blossoms in the spring, and delicious fruit during the summer. Being new, the supply is limited. It will not appear in my catalog and no other announcement will be made regarding it this year. Place your order at once for Fall delivery to avoid disappointment. Fine sturdy trees ready to bear fruit \$2.00 each.

PINK FLOWERING DOGWOOD

Can you imagine anything more handsome or ornamental than these Pink Flowering Dogwoods? They flower early in the Spring, thriving in any soil, in shade as well as in the open. The trees are ornamental even when not in bloom, and increase in size and beauty from year to year. I have some extra fine sturdy 2 to 3 foot trees, just right for planting in your garden, at \$2.50 each.

DOUBLE WHITE FLOWERING DOGWOOD

A rare and very beautiful double form of the white flowering dogwood, with large rosette-like snow-white flowers. Good for sun or shade. Extra sturdy 2 to 3 foot trees \$2.50 each.

RED FLOWERING BUCKEYE

I have tried for many years to procure stock of this very rare tree and now have only a limited supply. It belongs to the Horse-chestnut family, is entirely hardy, and produces great showy pyramidal clusters of scarlet flowers. Those who know the white flowering Buckeye will surely want this rare scarlet flowering form. The foliage is also ornamental, and it produces a marvelous shade tree, attractive at all times. Fine strong 2 to 3 foot trees \$2.50 each.
